## Bi-Weekly Contributions for 2009

### Medical Plan

The table at right shows the bi-weekly contributions that *Part-Time B associates* will pay for Medical coverage in 2009. The contributions you pay will be based on three factors:

- The coverage option you choose—the PPO/Deductible Reimbursement Plan (DRP), the High Deductible Health Plan (HDHP) or the Health Maintenance Organization (HMO)
- The level of coverage you choose—single, associate + child(ren), associate + spouse/domestic partner (DP) or family, and
- Your years of benefits-eligible service as of January 1, 2009.

As you can see, with service-based contributions, the more years of benefits-eligible service you have, the lower the premium contributions you'll pay for Medical coverage.

	PPO/DRP	HDHP	HMO
	\$1,000 deductible	\$2,000 deductible	
<b>If you have less than 2 year of benefits-eligible service</b>

### Pre-Tax Contributions

Contributions for Medical, Dental and Vision coverage will be deducted from your pay each pay period on a pre-tax basis. This means that your cost for coverage is deducted from your pay before federal, state and Social Security taxes are calculated. This reduces your taxable income and, in turn, the taxes you pay.

If you'd like more information about pre-tax contributions—how they work and how they can benefit you—see the Welfare Benefits Plan Summary booklet.
